

Aug 27<sup>th</sup>, 2024

To whom it may concern,

This is to confirm that Mr Aryan Bhaskar successfully carried out a research internship in the Electrical Engineering department at the University at Buffalo (UB) in the summer of 2024. He worked on the analysis of widebandgap RF devices fabricated in our group.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Uttam Singiseti, Professor  
Electrical Engineering  
University at Buffalo, Buffalo, NY, 14260
